PORT Intelligence Cell

Evidence Gathering Team

The Evidence Gathering Team (EGT) is a PORT capability whose members who are qualified in capturing video evidence and are able to provide increased situational awareness at public order events. EGT's work with PORT however can deploy independently to support local operations if requested.

The role of the EGT is to:

- Capture video evidence of criminality at public order events
- Support the Tactical Commander in the decision making process
- Provide a tactical option to de-escalate public order violence
- Detect threats that may negatively impact public order events

A unique capability of the EGT is the ability to livestream real time video footage from the EGT's location to the SPOC/IPOC or other mobile device in order to provide increased situational awareness.
